ABOUT ME

I have experience with front-end technologies such as HTML, CSS, JavaScript, Bootstrap, Tailwind, React, SCSS, and I am constantly working to improve my skills. I focus on creating user-friendly interfaces and optimizing performance. I am passionate about building responsive and accessible designs. At the same time, I am expanding my knowledge in backend technologies (Node.js, MongoDB) to become a full-stack developer. I value teamwork, continuous learning, and staying up to date with new technologies.
